INDEX TO VOLUME LV

Ames, Joseph S., Thayer Memorial Exercises 201
Anaemia, Mechanism of, in infancy: physiological anaemia 335

Blackman, Sam S., Jr., Pneumococcal lipoid nephrosis and the relation between nephrosis and nephritis. I. Clinical and anatomical studies. II. Experimental Studies 1, 85
Book Reviews 81, 169, 293, 357, 433
Buell, Mary V., and Margaret B. Strauss. Glycogenetic function of the liver in experimental hyperthyroidism 220

Calcium and phosphorus studies. X. Effect of variation of calcium, phosphorus and of vitamin D in diet on iron retention in rats 309
Calcium and phosphorus studies. XI. Effect of prophylactic and curative doses of standardized viosterol on human tissues: necropsy report of thirteen cases showing no tissue damage 314
Colston, J. A. C., Primary tumor of the ureter with presentation of a new method of complete nephro-ureterectomy 361

Dandy, Walter E., The treatment of so-called pseudo-Ménière's disease 232
Dandy, Walter E., Effects on hearing after subtotal section of the cochlear branch of the auditory nerve 240
Death, Sudden 386
Diabetes mellitus and hyperthyroidism. Report of a case 193

Ellsworth, Read, and John Eager Howard. Studies on the physiology of the parathyroid glands. VII. Some responses of normal human kidneys and blood to intravenous parathyroid extract 296

Flexner, Simon, Thayer Memorial Exercises 201
Fink, Arthur I., and Leslie N. Gay. A critical review of 170 cases of urticaria and angioneurotic oedema followed for a period of from two to ten years 280
Finney, J. M. T., Thayer Memorial Exercises 201

Gastric juice, blood and urine, Acid-base balance of, before and at intervals after stimulation of the gastric juice by histamine 57
Gay, L. N., J. C. Sharpe and R. G. Hills. Diabetes mellitus and hyperthyroidism. Report of a case 193
Gay, Leslie N., and Arthur I. Fink. A critical review of 170 cases of urticaria and angioneurotic oedema followed for a period of from two to ten years 280
Goodwin, T. Campbell, Lead poisoning: report of a case in a child with extensive peripheral neuritis 347

Hamman, Louis, Sudden death 386
Harlan, Judge Henry D., Thayer Memorial Exercises 201
Hearing, Effects on, after subtotal section of the cochlear branch of the auditory nerve. 240
Hills, R. G., J. C. Sharpe, and L. N. Gay. Diabetes mellitus and hyperthyroidism. Report of a case 193
Howard, John Eager, and Read Ellsworth. Studies on the physiology of the parathyroid glands. VII. Some responses of normal human kidneys and blood to intravenous parathyroid extract 296
Hyperthyroidism, experimental, Glycogenetic function of the liver in 220

Insomnia in clinic psychiatric practice 131
Iron metabolism in infancy. Relation to nutritional anaemia 259

Josephs, Hugh W., Urobilin excretion of infancy and childhood; relation to blood destruction and formation 154
Josephs, Hugh W., and David H. Shelling. Calcium and phosphorus studies. X. The effect of variation of calcium, phosphorus and of vitamin D in diet on iron retention in rats 309
Jackson, Deborah A., and David H. Shelling. Calcium and phosphorus studies. XI. Effect of prophylactic and curative doses of standardized viosterol on human tissues: necropsy report of thirteen cases showing no tissue damage 314
Josephs, Hugh W., Iron metabolism in infancy. Relation to nutritional anaemia ... 259
Josephs, Hugh W., Mechanism of anaemia in infancy: physiological anaemia 335

Kelley, Winfield O., The leucocyte picture of the blood in cases of pulmonary tuberculosis, with a special study of the filament-non-filament count 171

Lead poisoning: report of a case in a child with extensive peripheral neuritis 347
Lewis, Warren H., On the locomotion of the polymorphonuclear neutrophiles of the rat in autoplasma cultures 273
Lipoid nephrosis, Pneumococcal, and the relation between nephrosis and nephritis. I. Clinical and anatomical studies. II. Experimental studies 1, 85

MacCallum, William G., Glomerular changes in nephritis 416
Martin, Lay. With the assistance of Edgar Steigerwald, Mary-Lee Carroll, and Morton Morgenstein, Acid-base balance of gastric juice, blood and urine before and at intervals after stimulation of the gastric juice by histamine 57
Monocytes of the blood stream and connective tissue. Study of the *in vivo* and *in vitro* behavior of the 245
Muncie, Wendell, Insomnia in clinic psychiatric practice 131

Nephritis, Glomerular changes in 416

Parathyroid glands, Studies on the physiology of the, VII. Some responses of normal human kidneys and blood to intravenous parathyroid extract 296
Polymorphonuclear neutrophiles of the rat, On the locomotion of the, in autoplasma cultures 273
Pseudo-Ménière's disease, so-called, Treatment of 232

Reeves, David L., Study of the *in vivo* and *in vitro* behavior of the monocytes of the blood stream and connective tissue..... 245

Sharpe, J. C., R. G. Hills and L. N. Gay. Diabetes mellitus and hyperthyroidism. Report of a case..... 193
Shelling, David H., and Hugh W. Josephs. Calcium and phosphorus studies. X. The effect of variation of calcium, phosphorus and of vitamin D in diet on iron retention in rats..... 309
Shelling, David H., and Deborah A. Jackson. Calcium and phosphorus studies. XI. Effect on prophylactic and curative doses of standardized viosterol on human tissues: necropsy report of thirteen cases showing no tissue damage.... 314
Shipley, Paul G., Memorial Notice..... 295
Stafford, Edward Stephen, An eosin-methylene-blue technique for rapid tissue diagnosis..... 229
Strauss, Margaret B., and Mary V. Buell. Glycogenetic function of the liver in experimental hyperthyroidism..... 220

Thayer Memorial Exercises..... 201
Tissue diagnosis, rapid, An eosin-methylene-blue technique for..... 229
Tuberculosis, pulmonary, The leucocyte picture of the blood in cases of, with a special study of the filament-non-filament count..... 171

Ureter, Primary tumor of the, with presentation of a new method of complete nephro-ureterectomy..... 361
Urobilin excretion of infancy and childhood; relation to blood destruction and formation..... 154
Urticaria and angioneurotic oedema, A critical review of 170 cases of, followed for a period of from two to ten years..... 280
